Finland

About Finland:-

- One of the world's northernmost nations, Finland is the most densely forested country in Europe. Finland is a Nordic country in Northern Europe with Helsinki as its capital.
- The World Happiness Report, published by the Sustainable Development Solutions Network, has crowned Finland as the happiest country for the fifth year in a row, which included the year 2022. In addition, Human Development Report 2021-22 has ranked Finland at 11th position as a Very High HDI tier country.
- The Finnish National for Education data reveals that India falls under the “the most common nationalities amount foreign students” category along with Russia, Vietnam, China, and Nepal. Data from the IIE, in partnership with the Finnish National Agency for Education, reveals that India was one of the top sending markets for Finnish higher education institutions.
- Finland has one of the best education systems in the world. It has been ranked 1st position in Education for the future index by the Economist, and 2nd position by OECD for the highest performing graduates. In addition, Finland's education system has been ranked as the 2nd most competitive country by the World Economic Forum's (WEF) global competitiveness report.

UNIVERSITY OF TURKU

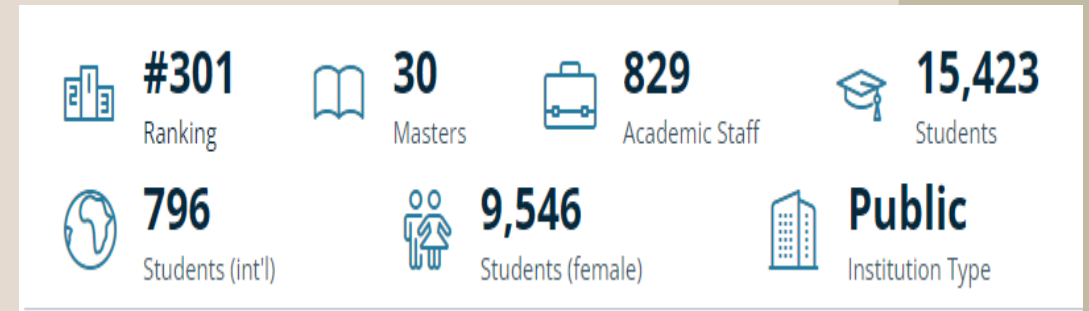

- The University of Turku is a multidisciplinary public university with eight faculties located in the city of Turku in southwestern Finland.

- Established in 1920, the university is the third largest in the country as measured by student enrollment, after the University of Helsinki and Tampere University. It is a member of the Coimbra Group and the European Campus of City-Universities (EC2U)

- The university has approximately 22,000 degree students. Bachelor's, master's and doctoral degrees are offered both in Finnish and in English. The largest faculties are the Faculty of Humanities and the Faculty of Science and Technology.
- The University is a home for The University of Turku Graduate School (UTUGS) which consists of doctoral programmes covering all disciplines. The graduate school has approximately 2,000 doctoral candidates pursuing a PhD.

- The University of Turku has been involved in many research projects in the Peruvian Amazon. With the Peruvian Amazon Research Institute

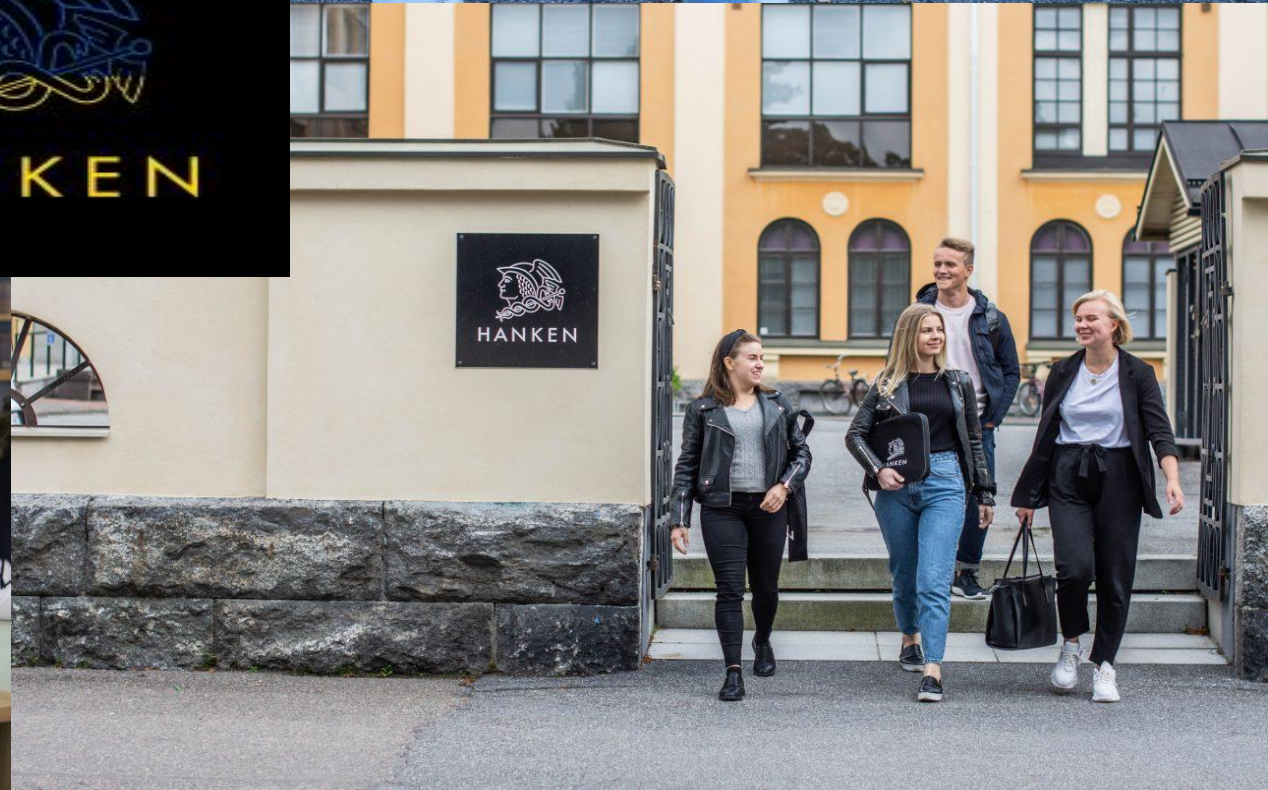

- The multidisciplinary and international University of Turku is an attractive research environment for researchers at different stages of their careers.
- A straightforward researcher career path and the advancement of international mobility increase the quality and effectiveness of research. In accordance with our strategy, we are increasing the number of postdoctoral researchers recruited through international application processes, and we are developing the use of the Tenure Track system further in the whole University.

Hanken School of Economics is a business school in Finland with two campuses, Helsinki and Vaasa. Founded in 1909, it is the oldest business school in Finland, and one of the oldest in the Nordic countries. Its programmes are offered in both English and Swedish.

Hanken has received the so-called Triple Crown accreditation (assessments of quality insurance by the three largest business school accreditation organizations: AACSB, AMBA, and EQUIS). Hanken was first awarded the European Quality Improvement System accreditation (EQUIS) in 2000. The Association of MBAs accreditation (AMBA) was awarded in 2008. The Association to Advance Collegiate Schools of Business accreditation (AACSB) was awarded in 2015.

Hanken has some 2,500 students representing more than 40 nationalities, adding to its already multi-lingual study environment. Hanken promotes openness among students and staff and its professors are available to give support and guidance. Its students are a tight-knit group and social ties are strengthened through the activities of the student union SHS.

Hanken has more than 13,500 alumni, working in leading positions in more than 70 different countries. The alumni are highly competitive and appreciated on the job market and 95% have a job within three months of graduation. In addition to getting a high-quality degree, Hanken alumni become part of a lifelong network with excellent opportunities for both professional and personal development.
